

PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., SATURDAY, APRIL 28, 1894.

ONE CENT.

TOLLESBORO ODDFELLOWS.

How the Diamond Anniversary Was Celebrated in Lewis.

The people of Lewis county are noted for their hospitality.

And in no part of that county is this "bump" more fully developed than in and about the delightful village of Tollesboro.

Thursday being the Seventy-fifth anniversary of Oddfellowship in America, Tollesboro Lodge No. 277 "put her best foot foremost," inviting Concord and Vancburg Lodges to come over and dwell beneath her vine and fig tree and put their moccasins under the mahogany to come over and have a good time, as it were.

Well, Concord Oddfellows were there, and as Vancburg folk always know a good thing when they see it, they were there in great force—and all the candidates who didn't arrive in advance came after them.

In addition to the Lodge membership of Lewis county, Rev. P. G. Holt, accompanied by Mrs. Holt, and P. G. P. Thomas A. Davis of this city were present by invitation.

At 3 o'clock a procession was formed at the handsome Hall, and under the direction of Hon. William Bowman about 75 Oddfellows marched to the M. E. Church.

Here the public exercises were held.

After some choice selections by the excellent Choir, Rev. Stratton, Pastor of the Church, invoked the Divine blessing upon the assembly.

Hon. William Bowman, ex-Consul General in Tien Tsin, China, tendered the freedom of the town to the visitors and assured them that the hearts and homes of Tollesboro were at their disposal.

Following were addresses by the Rev. D. P. Holt, Thomas A. Davis and Hon. Samuel G. Hills.

At the close of the exercises at the Church the procession reformed and marched to the Peacock House, where about 60, emancipated Oddfellows and their wives and sweethearts, sat down to a feast such as only Mrs. Perkins and Miss Eliza knew how to prepare.

After full justice had been done to the feast, the Oddfellows met at the Hall, where a worthy young man was duly inducted into the mysteries of the Order.

It was near midnight when the meeting closed, and though some of the visitors had sixteen miles to ride, none seemed anxious to leave.

Altogether it was a great day in Tollesboro and a great day for Oddfellowship in Lewis county.

Concord has the oldest Lodge, with Tollesboro next and Vancburg the youngest. All three are prosperous, and Tollesboro especially so. A few years ago this Lodge erected a handsome Hall, which is now nearly paid for, and with a membership of more than 600 good men and true, and plenty of good material to draw from, there is a bright future before it.

Too much credit cannot be given the members of Tollesboro Lodge, and the citizens of Tollesboro generally, for the hospitable manner in which the visitors were received and treated, and the pleasure of the occasion will long remain as a delightful memory.

John Hickey, aged 25, died yesterday morning at the home of his mother on West Fourth street. Funeral at 10 o'clock Monday from St. Patrick's Church, with interment at Washington.

Jane N. Taylor and Mrs. Nannie E. Taylor, who are the recipients of many hearty congratulations on their return to Tollesboro that evening. About 10 o'clock a party of friends, to the number of about fifty, armed with forty-four power voices, gave them a welcome that was echoed from the Eucalyptus hills. The ground is a prosperous farmland, the wife of Dr. H. M. Taylor, and both have hosts of friends who wish them the best of good fortune.

Miss Minnie Calvert and Miss Minnie Davis of Sardis contributed 747 stamps for the benefit of Miss Dolie Rose.

Optician Louis Landman of Cincinnati will be at the Central Hotel, Maysville, Ky., on Tuesday and Wednesday, May 1st and 2d. See his card on another page.

IT'S SO IF IT'S IN THE LEDGER.

Mrs. Alter Hendrick sends 2,030 stamps for Miss Dolie Rose.

Terrible havoc was wrought by a domestic cat while in a mad fit the other day at the residence of Thomas Sanders of Lewis county. Mrs. Sanders and her three grown daughters were at home, all the men being absent, when the cat suddenly leaped upon one of the girls, buried its claws in her cheeks and bit and scratched her in the most horrible way. It then assaulted the other three ladies one after another, until all were scratched and terribly disfigured. Miss Emma Sanders will lose the sight of one of her eyes.

A diamond Good Story.

About fifteen years ago John A. Murray of this place had a pet dog which followed him wherever he went. It went with him to camp-meeting at Brittingham Campground one Sunday, and while there got lost from Mr. Murray and was never heard of again. Inquiry was made but no trace of him could be found. He had passed out of Mr. Murray's mind entirely when one morning last week he was found lying on Mr. Murray's porch when the family got up. He was at once recognized and seemed to get home and has since been as one of the family. This seems a remarkable story but is nevertheless a true one.

The Weekly Public Ledger!

THE MAYSVILLE REPUBLICAN, which is the Weekly Edition of *The Public Ledger*, is issued every Saturday. It contains 40 columns of choice reading matter, twenty of which are made up of editorial, local and neighborhood news. It is a splendid paper to send to Kentuckians living in distant places, as it gives all the news from home. Price \$1 50 a year. Now is the time to subscribe.

Water consumers are expected to comply with the very reasonable request of Superintendent Schaefer, which is made on the fourth page of *THE LEDGER*.

BURGLARS ABROAD.

Judge T. M. Dora's Safe Cracked at Germantown Last Night.

Look out!

Burglars are abroad. Sometime last night the safe of Judge T. M. Dora was cracked at Germantown, and about \$100 in cash stolen.

Mrs. Eva Elliott also suffered the loss of a fine horse—which the robbers needed, no doubt, to carry away the money stolen from Judge Dora—as it is unusually heavy during these good times! No clue to the thieves.

KIND HEARTED CHARLIE.

The Fellow Who Wronged Charlie Ryan Gets One Year.

Alex. S. Parle, the youthful employee who forged the name of Assistant General Passenger Agent C. B. Ryan of the C. & O. Railroad to a check on the Market National Bank for \$625 a few weeks ago and skipped to California, where he was found and brought back by Detective Herman Witte, was before Commissioner Pleas Judge Hollister at Cincinnati.

J. E. Emerton and Howard Douglass appeared in behalf of the youthful fighter, who looked more like a boy than a man.

Attorneys Erneston and Douglass asked the Court to let the young man escape with a light punishment as possible.

He pleaded guilty and was sentenced to the Ohio Penitentiary for one year.

It was requested by the attorneys who appeared in his behalf that he be transferred to the Boys' Industrial Home and this will be done.

It is understood that Mr. Ryan, the victim of the forgery, was not anxious to prosecute the case against Paris.

Paris admitted that he had done a wrong, the enormity of which he did not fully realize at the time he forged the check.

During the entire day there was not a single circumstance to mar enjoyment. The report that a boy threw a rock and struck six candidates for County Clerk was a base slander; there were only five candidates in town.

Hon. William Bowman, ex-Consul General in Tien Tsin, China, is always "the right man in the right place." He will leave next week for Washington City to conclude some official business with the State Department—and to show the Administration how to handle Coxey's army.

The English Lord wasn't there. What a feast he missed!

IT IS TIME TO GET WELL.

All Nature Takes a New Start—New Sap Runs in the Trees and New Blood Courses Through the Veins—in Spring Take Paine's Celery Compound, the One Remedy That Cures.

Everything is upward striving.
"Tis as easy now for the heart to be true
As for fields to be green or skies to be blue;
Tis the proper way of living.

All animate nature feels the touch of spring. Nature has her great spring cleaning days. The birds get new plumage, the fish put on their fresh, glistening, scaly armor, new streams of fresh water start from the ground; there are new buds and livelier sap, and in the human body the heart throbs with fuller, stronger beats.

In a season of great changes.

At no time during the year is the body so inclined to get rid of old, diseased conditions, chronic sickness, and deep seated disorders of the vital organs.

It is for these reasons that Paine's Celery Compound, the most famous nerve regulator, and blood purifier in the

world, has acquired the name of the great spring medicine.

There is not a single village in the country large enough to boast an regular druggist or druggists where Paine's Celery Compound is not being more largely used this month than any other remedy. It is known wherever progress and enlightenment have pushed the railroad or the newspaper.

Paine's Celery Compound is the very utmost the medical research of today can do for the exhausted, badly-nourished nerves and skin, impure blood. It goes straight to the cause of the mischief in the many forms of disease resulting from nervous debility and insufficiency of vitalized food. A thousand painful symptoms arise from these two prime causes. Correct the nerves and blood with Paine's Celery Compound and the entire system must get well; diseases of particular

We fear that those Winchester girls who have organized a "Matrimonial Club," each member of which is to get \$50 from the treasury on her marriage, are taking a step that will stimulate the mercenary spirit among the young men. In these times many a Cholly would fall over himself in his eagerness to marry a girl with \$50 in cold, actual cash. The Winchester girls deserve much better fate than mercenary husbands.

FOUR LYNCHED.

Vengeance Follows the Murder of Overseer Boyce.

The Unfortunate Affair Has Already Resulted in Nine Deaths.

Days, Who Was Killed First, and Eight Negroes Who Were Killed in Retaliation. Bloodhounds Track the Negroes—Twenty-five Assassins Caught.

NEW ORLEANS, La., April 28.—Four men of the Negroes who were connected with the murder of J. B. Boyce, in Madison parish last week, were captured Thursday night by the sheriff's posse, and, as was expected, were lynched soon afterwards. The affair has already resulted in nine deaths. Days, the white overseer, who was first killed, and eight Negroes, who were killed in retaliation: Harris Williams shot, and Tom Claxton, Dave Hawkins, Sam Slaughter, Shell Claxton, Tom McRae, and Tom Harvey and Tom McRae lynched. Of the first three were lynched Sunday night, and the other four Tuesday night.

The killing of Boyce occurred last Friday, and ever since then the posse has been hunting for the Negroes who were accused of being part in the affair. The gang, which was composed of 200 white men, half the total number in Madison parish, where the Negroes are twelve to one white, split up into half a dozen parties and搜尋ed the country. The Negroes were supposed to have hidden themselves in the triangular swamp between Milliken's bend and Omega and the river. All these points were watched, particularly the river, to prevent the Negroes from crossing it. Special bloodhounds were engaged to track the men, but the scent was cold.

After several days' hunt the sheriff dismissed most of his posse, but some fifty men remained on duty. Thursday, however, the went up taken upon by their dogs and in the course of the pursuit had been cornered in Finschwood woods, a comparatively small body of swamp. The sheriff called for reinforcements and 200 men responded. The gang were treed in a cabin built between two trees and the Negroes had made arrangements with a Negro to take them across the river, and would have succeeded in escaping to Mississippi if it had not been for the prompt action of the posse.

The Negroes, however, had been called for the posse to come out. He played deaf and would not answer, and he was told if he did not come out and surrender the men the officers would fire on the houses. He still refused to answer, so the posse was forced into the roof of the cabin.

TRAIN STEALERS.

The Galvin Brothers Steal and Return to Steamer It.

WASHINGTON, C. H., April 28.—Col. Galvin's detachment of Frye's industrial army captured an east-bound freight train and rode to Mt. Sterling, Ohio, where they are still in possession of the train.

At Mt. Sterling the engineer stopped the engine and pulled in on a side track. The army asked him what he was doing that for, and he informed them that he was going to wait for orders. It was not long until the newspaper train arrived from Cincinnati containing 15 or 30 detectives and railroad men, accompanied by Chief McLellan of this city. All west-bound trains were ordered to go to Columbus, and the little division news that two companies of the Fourteenth regiment, O. N. O., had been ordered out from Columbus took the front end with sufficient force to smash up several cars. One man was taken from the debris horribly mangled, and died at 1 o'clock Friday morning. Several tramps were beneath the wreckage. The west-bound train from Ft. Wayne passed through Lima at 1:30 Friday morning.

Lewis and Joe Johnson, of 212 Water street, Cincinnati, stealing a ride, were injured in the wreck near Bucyrus, but were well probably. It was hours before any could be rescued from the debris. Several other tramps were injured, but not seriously.

Omnibus of Ariz. Day.

CHICAGO, April 28.—(Dispatches received Friday from Wisconsin, Ohio.)—The omnibus which was composed of 200 white men, half the total number in Madison parish, where the Negroes are twelve to one white, split up into half a dozen parties and搜尋ed the country. The Negroes were supposed to have hidden themselves in the triangular swamp between Milliken's bend and Omega and the river. All these points were watched, particularly the river, to prevent the Negroes from crossing it. Special bloodhounds were engaged to track the men, but the scent was cold.

MRS. DAVIS ELIMINATED.

Abandoned by Confederates Because She Lives in the North.

BIRMINGHAM, Ala., April 28.—The Confederate Veterans' association has renounced Mrs. Jefferson Davis. The organization was formed chiefly for the purpose of securing a pension to the widow of the president of the late confederacy. Thursday, at the closing session of the Confederate Veterans' association, the members voted that the widow of Mrs. Davis should be eliminated, and not feel called upon to concern themselves about Mrs. Davis. The original intention of the association was to secure a pension of \$500 each from Virginia, North Carolina, Georgia, and Mississippi, excepting New England. The committee reported that whenever they went to urge the pension scheme they were told that Mrs. Davis had abandoned herself by living in New York, and that if she preferred the north to the south, they had no objection.

The report was adopted, and henceforth will not figure in confederate celebrations.

LOTS OF HALF CENTS.

A Connecticut Miner Who Manned 160,000 of Them.

NEW YORK, April 28.—Most of the miners in the subtreasury of the banks arms who were engaged in the work of coining the copper half cents which were called in with the "red cents" in 1857. The clerks in the redemption department were at sea Friday morning, as a consequence of \$500 in the half cents, 100,000 of them having been received from Connecticut bank for redemption. As the half cent weighed .84 grains, 100,000 of them weighed 1.02 pounds. It turned out that an old farthing was in the bag. His name was Crumpton, and he will be lynched by the others, as it is thought he had escaped to Mississippi.

As the sheriff's deputies, with the prisoners, got near Milliken's bend, an effort was made by a crowd to take them away from the posse, but the posse and gods got as far as their place, about two miles from Talihah, when a crowd of about two hundred met them, overpowered the officers and took the four Negroes to the Crescent place, where they were hung. The Negroes, Claxton, Scott Harvey and Tony McCoy, were hanged on a tree about one hundred feet from where they killed Boyce. The execution was conducted very quietly, the people living in the city keeping quiet, and the reports received from the press were that there were surprised to find four assassins hanging near their doors. The only one of the pursued Negroes at large is Tom Griffin, if caught he will be lynched by the others, as it is thought he had escaped.

There were twenty-six Negroes in all on the Crescent plantation who were suspected of complicity in the killing of Boyce. Eight have been killed, one is at large, and seventeen are prisoners in local jails. The sheriff's deputies think that there will be any more lynchings unless Griffin is caught. The prisoners will be tried for murder and will probably be hung legally.

Two Cincinnatians, Stealing a Ride, and Will Probably Die A Freight Train on the Ft. Wayne Railroad Breaks In Two.

LIMA, O., April 28.—A midnight westbound freight train No. 71, on the Ft. Wayne railroad, broke in two at 1:30 A. M. Friday morning, killing two men and wounding five others.

One man, a Negro, was first killed, and eight Negroes, who were killed in retaliation: Harris Williams shot, and Tom Claxton, Dave Hawkins, Sam Slaughter, Shell Claxton, Tom McRae, and Tom Harvey and Tom McRae lynched. Of the first three were lynched Sunday night, and the other four Tuesday night.

The Great Strike.

TEMPE, ARIZ. IND., April 28.—President Dunkerty, president of the State Miners' Association, stated Friday morning that the strike in Indiana was practically com-

plete and that the miners were

receiving full pay.

He received a telegram from President McBride of the National Association

Friday morning stating that the look-

out was most encouraging. President

Dunkerty denied the report that the

miners were to be paid less than

they were receiving.

He said that the miners were to be

paid less than the miners in the state

of Arizona, but that the miners in the

state of Arizona were to be paid less

than the miners in the state of Ariz-

ona.

Now, this story was supplemented by another which said that while on a recent visit to New York was ostensibly to sell his horses, the real object

was to consult with a number of "bear

men" in New York.

Mr. Galvin's detachment of Frye's

industrial army captured an east-bound

freight train and rode to Mt. Sterling

Friday evening with the miners still
